Miss J. Carlyle,
187 Gerrard Street East,
Toronto.

My dear Miss Carlyle:

I am endeavouring, as you may have noticed from the morning's paper, to make arrangements whereby through a transfer the services of the members of our staff may still be employed for the University so that we shall not have to be at extra expense to continue the work of the classes. In the meantime, therefore, I am hoping that there will not be need to make additions to the staff. I will, however, keep your letter beside me.

Yours sincerely,

President.

President Falconer.

University of Toronto.

Dear Sir,

Owing to the decision formed with regard to the German Professors on the Staff of the University, and anticipating that there may be a necessity to have their positions filled pro tem. I beg to offer my services for any vacancy relating to Grammar, Conversation and Grammatication.

I graduated from the Toronto University with the Class of 1910, and obtained the Degree of Master of Arts in 1911 for my Thesis on the "Modern German Drama". Previous to entering the University I spent some years in Germany, where I became thoroughly conversant with the German Language, and since graduation have devoted my time to tutoring in this branch.

Hoping to receive a favorable reply to my application -

I am
Yours Very Truly
Josephine Carlyle.

December, the fifth.
